## MARCH 2018 MEMO

### FGA Partners with OYO Sports & Funko

Through best-in-class partnerships with OYO Sports and Funko, the Football Greats Alliance has helped bring these stylized bobbleheads and construction toys to life! The program features iconic players procured through FGA, such as Troy Aikman, Terry Bradshaw, Brett Favre, Jack Lambert, Jason Taylor, Lawrence Taylor and many more. One of the best parts about this partnership is that 25% of the net proceeds, from sales of these toys/collectibles, go to the Greater Good Fund. This 501(c)(3) charitable foundation exists to fund programs and benefits for retired players. Visit [www.footballgreatsalliance.com](http://www.footballgreatsalliance.com) for more information.

### PFRPA Dental Plan

Our members have provided valuable feedback concerning the PFRPA Dental Plan. Notably, many want to know how to quickly access the vast number of in-network dental providers available through MetLife. You may view a list of in-network dental providers in your area by utilizing the MetLife "Find a Dentist" page. Just click or enter the following link into your browser: [www.metlife.com/mybenefits](http://www.metlife.com/mybenefits). Once on the site, type in "Pro Football Retired Players Association" where it asks you to enter your company name, and hit the "Submit" button. The next page allows you to enter your zip code to access a list of in-network providers.

### PFRPA Retired Player Profile

Complete a Retired Player Profile and join the hundreds of retired players who have informed us of which programs and benefits to vet on their behalf. You may also share your unique life stories and achievements, both in college and the NFL. Once we receive your Profile, our Agency, Football Greats Alliance, will seek potential group licensing opportunities for you. If you need a Profile, download the form by clicking or entering the following link into your browser: [goo.gl/2gjZLy](http://goo.gl/2gjZLy). You may return the form to us via email, fax or standard mail (contact info above).
