

TODAY'S PFRPA NEWSLETTER

Message from the Executive Director

Dear Retired Players,

The 2018 NFL League Year is just underway, which means we are now less than one year away from the NFL's 100th anniversary! PFRPA is focusing on many important items over the next several months. Of utmost urgency is ensuring that we focus on the pension issue. Crucial to its success will be the support from retired players willing to share their pension information with us. Please see our confidential survey below to contribute to this important pension study. Thank you to the hundreds of retired players that have already completed the survey.

While pensions are a top priority, our work to help better the welfare of retired players does not end there. Our most successful endeavor has been the implementation of the PFRPA Dental Plan, as we now have more than 10,000 retired NFL players enrolled. In the future, we'll be providing helpful tips from MetLife to better assist you with your oral health. Also, our licensing Agency, Football Greats Alliance (FGA), has done a good job generating numerous commercial marketing opportunities for retired NFL players. FGA has secured partnerships with leading brands across sports, financial services and media outlets. Many of these deals will benefit all retired NFL players, as 25% of net proceeds from FGA group licensing deals go to our 501(c)(3) charitable foundation, the Greater Good Fund. Learn more about these partnerships and the Greater Good Fund on our newly updated website, www.footballgreatsalliance.com.

Thank you for spreading the word about PFRPA. Word-of-mouth helps greatly, especially when it comes to sharing news of available resources. Your support is important to us, and as always, we welcome your input and feedback.

Thank you,

Bob Schmidt
Executive Director
